

CONSIDERING GRADUATE PROGRAMS OR SUMMER RESEARCH OPPORTUNITIES IN ENGINEERING?

INFORMATION SESSION

Vanderbilt University is among the most prestigious schools in the country. Fast track your career with our Master's of Engineering, Master's of Science or PhD programs in our School of Engineering. Choose from either a professional degree to boost your expertise in engineering industry or a research focused program. Full funding is available for our PhD programs and some funding is available for our Master's and summer research programs. Join our Assistant Dean, Gabriel Luis, to learn more about these opportunities.

Date: April 23, 2025

Time: 3:00 pm to 4:00 pm

Location: National Taiwan University
